Economic Environment

The year 2012-13, still remains challenging, particularly with regard to inflation. There are some signs of stabilization and growth indicators but for macro economy, the environment still remains stretched.

With a view to boost the economy and attract more foreign investment inflow, Govt. of India has allowed/increased the FDI cap in single brand retail trading, aviation and broadcasting, insurance etc. Also Govt. of India opened up the pension sector to foreign investments. More thrust is required on Indian infrastructure and much reformation is awaited as global leaders like Asian Development bank working on boosting the credit rating for infrastructure and allowing pension fund on infrastructure projects.

Under this scenario, India has enormous potential and the timely reforms on key issues opens up the door for bright economic stability resulting growth oriented economy.

The performance of Goodwill Governors Services division was remarkable with an achievement of a total turnover of Rs.2334.20 Lakhs and record net profit of Rs.444.27 Lakhs during the year.

As far as the Boat Building division is concerned, the performance was almost double with an all time high net profit of Rs.783.08 Lakhs in recent times by delivering 34 Motor Tug Launches to BEML.

During the year, the operational performance of Speciality Chemicals division was also impressive by

posting a marginal profit of Rs.116.28 Lakhs ie., 24% on the total turnover.

Due to restrictive power supply in the manufacturing industries, the operations of the factories got affected during the year. Hence there was a decline on the performance of drums division for which the management is taking adequate steps to overcome.
